

About

Children Catechumenate is the children's component of RCIA. Its purpose is to provide faith formation for children who are above catechetical age (approximately 7 years old) who have had little or no faith formation and who have not yet received any sacraments in the Catholic Church.

Our goal is to teach children about our Catholic faith and traditions in order to help them to grow in faith, develop a closer relationship with Jesus and a strong prayer life. It is our desire to help children develop a firm foundation on which to build their lifelong journey with God.

We are seeking adult volunteers who are willing to work with children.
